Jubin Patel

Tech Entrepreneur | x-Oracle | JAVA Lover | IT Consultant | Cyber
Security Expert | IOT Specialist | Startup Advisor
Ahmedabad, Gujarat, India

Summary

With decades of experience in the technology landscape, I am a
seasoned professional with a BTech and MBA background. As
a technology maverick, I bring a wealth of expertise, combining
academic knowledge with hands-on experience, to drive innovation
and success in the dynamic world of technology.

Tech Visionary & Entrepreneur Extraordinaire
Architect of Digital Transformation
Navigating Challenges, Inspiring Solutions
Innovation Catalyst
Shaping Tomorrow, Today

Consistently engage on multiple fronts, with a primary focus on two
main areas,
1. Leadership/ C-Suite/ Executive
· Oversee technology operations across all aspects.
· Evaluate the expenses, worth, and potential risks associated with
technology to provide guidance to the team and propose appropriate
actions.
· Lead business excellence initiatives, focusing on process efficiency,
cost reduction, and strategic organization-wide efforts.
· Identify and engage Team/ agencies to implement the planned IT
architecture.

2. Product & Innovation/ Technology Strategy
· Design and execution of IT strategy roadmap
· Consistently iterate on design and incorporate feedback to enhance
the customer experience.
· Identifying and evaluating emerging technologies for potential
adoption.
